Evangelism & Discipleship

worldwide through media.

God is using the media outreach of Back to God Ministries International to transform lives and cultures. Indigenous leadership teams strategically use different types of media to proclaim the Good News of Jesus. Because all of our ministry leaders are native to the culture in which they work, they are able to deliver culturally relevant teaching to people who need to hear the all-embracing message of the Gospel. And people's lives are being changed!

Transforming Lives

"…A few months ago I wrote warning you that Allah would punish you if you didn't repent of misleading people by your messages...I have a different understanding now. What you teach is a blessing to my soul."
–M.M. from Syria

"The first time I tuned in to your French-language program I was hooked. I enrolled in the Bible study courses at your follow-up center. Then I became a motivator and have enrolled more than 40 members of my church!"
–a teacher from Cotonou, Benin

"Pray that my heart would be opened to understand the messages I watch on your TV program. I want to believe."
–Manoel S. from Recife, Brazil
