

**Back to God**  
Ministries International  
*Telling His Story... Sharing His Love*

## **Your congregation can take an active role in supporting Back to God Ministries International media missionaries.**

### **Through Prayer Support:**

- Include specific prayer requests from the missionaries you support in your weekly bulletins or monthly newsletters.
- Post mission prayer requests on your church's bulletin board or website.
- Assign prayer support for specific missionaries to small groups within your congregation.
- Pray! Back to God Ministries International staff testify to the power of prayer and how God uses your prayers to strengthen them and change people's lives.

### **Through Financial Support:**

- Include Back to God Ministries International media missionaries in your faith promise giving.
- Schedule periodic offerings designated for specific missionaries.
- Commit to a support partnership with one or more specific Back to God Ministries International media missionaries.
- Develop special projects to raise funds for mission support:
  - ◆ Collect pop cans or recycle paper to earn extra money for missions (See story on [BackToGod.net/donate/church-giving](http://BackToGod.net/donate/church-giving))
  - ◆ Challenge your Sunday School groups to raise money for specific projects, for example, devotionals booklets for children in Indonesia.
  - ◆ Connect specific projects with similar groups in your church: For example, men's groups might be interested in the media equipment that the Arabic ministries might need; women's groups might want to raise funds for the spiritual training of women in Central Africa. Youth groups could participate in raising funds for blogging and text messaging ministries. Perhaps these groups could also partner with the missionaries in praying for their needs.

### **Provide Practical Encouragement:**

- Write letters, send birthday cards, ask the children of your congregation to make homemade Christmas cards to send to your missionaries.
- Invite your Back to God Ministries International media missionary to speak to your congregation, participate in worship, lead a small group discussion, share a meal with members of your mission committee.
- Find out if the media ministry you support has a specific hands-on project that a work crew from your church could assist in completing.
